TAKE THE PLASTIC-FREE RESTAURANT CHALLENGE

DIVE IN

OUR MISSION

Kantis Cares inspires people to live plastic-free, use products that are **safe for our earth,** and to decrease waste with proper disposal for the health of our world.

OUR VISION

A plastic-free & **WasteSmart™** world.

NOW YOU KNOW

We are now producing more plastic products than ever. Since plastics do not organically decompose, they are sticking around our land & oceans, harming humans & our animal friends.

- Every day approximately 8 million pieces of plastic pollution find their way into our oceans.
- By 2050, the oceans will contain more plastic than fish by weight.
- Ever drink from a plastic water bottle? The chemicals in plastic are now in our blood & tissue, linked to cancers & countless other illnesses.

YOU CAN MAKE A DIFFERENCE, VISIT KANTISCARES.ORG
